Logo Designs

A logo is the visual foundation of your brand's identity. As the first thing customers notice, it creates a memorable impression that sets you apart from competitors and builds immediate trust. In today's visually-driven marketplace, a strong logo establishes credibility, fosters brand loyalty, and creates consistency across all your marketing materials—from your website and social media to business cards and packaging.

In the flyer above, the girls are wearing custom t-shirts I designed for last year's winter workouts, adding a festive touch to celebrate the Christmas season by transforming the logo's field hockey stick into a candy cane.

Ironton Elementary PTO

Logo & Book Swap Hallway Mural

When the PTO wanted to bring some life to the dreary book swap hallway, I designed a collection of vibrant book spines, formatting each as an individual SVG file. The PTO team used their Cricut cutters to precisely cut out each piece, then assembled and adhered the books along the wall, creating a cheerful, literary atmosphere.
